The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,2,4,5,6,8 are rejected under 35 U.S.C. 102(b) as being anticipated by Alexander 5,964,357.

Note foot element 61 base 63, inclined paper file trays 14, 15, 16 with front concave face. Cables can pass between elements 62 of foot.

Claims 3,7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 10, 11, 12, 14,15,16,17 are allowable.

Applicants arguments and remarks have been considered but are considered moot in view of the new grounds of rejection.
